1. During my recent briefing of [REDACTED] the new [REDACTED], it became apparent that he would have opportunities through the [REDACTED] to place requirements upon selected travelers for Chinese topographic maps.

2. Because of his lack of background in mapping, Mr. [REDACTED] would like to have sufficient background information, in brief form, and pertinent requirements relating to our needs for topographic maps of Communist China. These should be sent to his FE Desk for transmittal to him.

3. If there are any questions relative to this request, I shall be glad to elaborate.
